

GEORGIA TECHNOLOGY AUTHORITY

FY2014 RENEWAL

This FY2013 Renewal of Contract Number GTA000187-012 (the "Agreement") between the Georgia Technology Authority and the Contractor specified below, is effective on July 1, 2013 ("Effective Date") and shall continue until December 31, 2013.

Except as expressly modified by this FY2014 Renewal, the Agreement shall be and remain in full force and effect in accordance with its terms and shall constitute the legal, valid, binding and enforceable obligations of the parties. This FY2014 Renewal and the Agreement, collectively, are the complete agreement of the parties and supersede any prior agreements or representations, whether oral or written, with respect thereto.

IN WITNESS WHEREOF, the parties have caused this FY2014 Renewal to be duly executed by their authorized representatives as of the Effective Date.

The parties acknowledge and agree that after June 30, 2013, the customer will no longer be able to roam outside the SouthernLINC Wireless (Contractor) regional service coverage area, including, but not limited to, 911 service, under the existing plan. As June 30, 2013 approaches, customers may continue to experience loss of coverage outside of the regional service coverage area. SouthernLINC is working to find a new option to provide the customers nationwide service. However, any new nationwide option will likely require the purchase of a new handset and a new rate plan.
